Symposium Objectives

- Describe the medical, economic, and societal burden of falls in older adults
- Identify evidence based interventions that reduce the risk of falling in older adults and how these interventions can be implemented
- Identify resources available, such as the STEADI Toolkit, to help healthcare providers recognize and treat fall risks in older adults
- Describe risk factors associated with falls in older adults and what interventions are available to address them
- Describe strategies on how to implement screening for older adult falls into their clinical practice

Continuing Education Credit

- **CME – Accreditation Statement**
The Ohio State University Center for Continuing Medical Education (CCME) is accredited by the Accreditation Council for Continuing Medical Education (ACCME®) to provide continuing medical education for physicians.
AMA Designation Statement
The Ohio State University Center for Continuing Medical Education (CCME) designates this live activity for a maximum of **6.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
- **Nursing – Nurses will be provided with CME credit they can use for their continuing education credit.**

Application has been made for Occupational Therapy, Physical Therapy, and Social Work continuing education credit.
